CARE & MAINTENANCE

Tabillo Tabletops are made of highly durable HPL panels with unmatched features that require minimal maintenance. They have a non-porous surface, making them easy to clean with just a mild cleaning agent and a soft cloth.

- Avoid direct contact with hot surfaces
- Avoid direct cutting on surface by a sharp object to prevent scratches.
- Avoid using aggressive cleaning agents. These panels can withstand normal soft cleaning agents.
- Avoid covering the top with a protective cover which may cause permanent stains due to weathering, suffocation or moulds. Let the top breathe normally.

Technical Detail

Tabillo emerges as the best new-generation material — a perfect blend of strength, style, and practicality. It's superior durability, low maintenance, and sleek finishes make it ideal for a wide range of spaces, from bustling cafés and restaurants that demand resilience to modern offices and homes that seek elegance and versatility.

★ Tabletops can be customised in different sizes and shapes on MOQ basis.

SUSTAINABILITY IS OUR RESPONSIBILITY

We prioritise eco-conscious manufacturing, harnessing wind and solar power to reduce our carbon footprint. Certified to the highest environmental and safety standards, we ensure that every step of our process supports and protects the communities and ecosystems we touch.

By embracing balance and responsibility

**We foster harmony - not just in design,
but the way we impact the world.**

"We are the first generation to feel climate change and the last to stop it."

- Barack Obama

"A nation that destroys its soils destroys itself."

- Franklin D. Roosevelt

TABILLO

CHARGEZ

Powering the future of tables.
Stylish tabletops with in-built
wireless charging—designed to
delight HoReCa and café guests,
effortlessly.

TABILLO CHARGEZ

When Charge Runs Out, The Table Powers Up.

Horeca And Café Owners Can Delight Their Customers With World-class Wireless Charger-embedded Tabletops.

The Choice Of Leading Horeca Brands Globally

Types & Technology

Options of integration of Chargez with Tabillo Tops.

EMBEDDED CHARGEZ

Implanted and invisible on surface the charging area merges with the décor but is differentiated using simple marking.

FLAT CHARGEZ

Implanted on the top surface, visible from outside.

Features

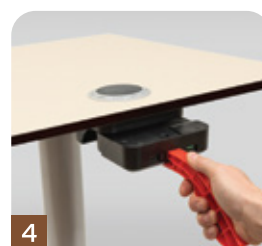

1 Wireless Charging Spot

2 USB Charging Ports

3 Charging tray with 4 batteries

4 Anti-Theft

5 Water Resistant

TABILLO CHARGEZ AT A GLANCE

What is Tabillo Chargez?

A world-class tabletop with built-in wireless charging. It lets customers charge smartphones, tablets, and wearables without cables.

Why HoReCa & QSRs need it?

Because it delights customers!

- **65% want to recharge in public places**
- **77% visit restaurants only to recharge**
- **50% stay longer & order more when they can charge**

How does it work?

Using electromagnetic induction, power transfers from the tabletop's embedded coil to the device when placed on the charging spot.

Safe & Reliable? Yes!

Each table has over-current protection, temperature control, and IP65 weather resistance. Anti-theft, water-resistant, and globally certified.

Technology + Flexibility

- **Qi wireless charging pad**
- **Extra USB ports for multiple devices**
- **Powered by 15Ah battery, lasts up to 8 days, recharges in 4–5 hours with battery indicators**

Use & Versatility

- **Indoors & outdoors (cafés, hotels, QSRs, restaurants)**
- **Available as complete tables or retrofit kits for existing tables**
- **Durable Tabillo HPL tabletops: antimicrobial, scratch/heat/weather resistant, UV coated, and customisable**
